Queen's Road Partnership (Baby Clinic), 30.06.11 – 21.07.11

Sorted by Issue Content

Record No: 8637	Date: 21/07/2011	Source: Outreach, Queen's Road Partnership
Field (Work Area): Health (General Health)		
Provider (Service): Kings (A&E)		
Content: "Emergency Services - I went to them at 10pm with severe stomach pains and had to wait until 7am before seen - given 2 enormous tablets - had to wait 8 days for scan when liver problem diagnosed. (Kings College Hospital)"		

Record No: 8633	Date: 21/07/2011	Source: Outreach, Queen's Road Partnership
Field (Work Area): Health (Maternity)		
Provider (Service): Guys/St Thomas (Inpatients, Labour Ward)		
Content: "I have a 7 month old daughter I gave birth @ St. Thomas Hospital, I say the experience could have been better, majority of the nurses seemed to be rushed on their feet, so as a new mother who had a caesarian, the treatment from most of the nurses wasn't good at all, in future, I don't think I'd go to St. Thomas."		

Record No: 8631	Date: 14/07/2011	Source: Outreach, Queen's Road Partnership
Field (Work Area): Health (Maternity)		
Provider (Service): Guys/St Thomas (Inpatients, Labour Ward)		
Content: "Kept in hospital for 3 days after child birth due to problems breast feeding. Given no support or guidance, just had midwife grabbing me and forcing breast into baby's mouth. Made to feel like a failure! (St. Thomas' Hospital)"
